

SeaChange Stock-Booster™ (Pro Pellets)

Soil Balancing

Cropping

Pasture & Animal

Foliar & Fertigation

SeaChange Stock-Booster™ (Pro Pellets) are a stockfeed supplement, derived from Southern Ocean Seaweed and a proprietary blend of high protein grains and legumes. The chelated minerals in SeaChange Stock-Booster™ (Pro Pellets) are more readily absorbed by animals and help to support more robust health.

Description

Seaweed collected from the pristine Southern Ocean is air dried and pelletised to lock in all the goodness of nature's fastest growing plants. This unique blend of seaweed gives a superior mineral, vitamin and amino acid analysis for the benefit of your livestock. This product also contains a high protein analysis (approximately 22%) derived from a mixture of grains and legumes. It is the richest natural source of iodine and also contains selenium (lacking in most Australian soils, yet known for its detoxifying capacity).

Benefits

- Contains iodine which is an important element for thyroid function in all animals.
- Features a better vitamin profile that can be found in any land plant.
- Contains alginic acid, which naturally absorbs heavy metals and free radicals.
- Broad spectrum analysis including vitamins, minerals, complex carbohydrates and amino acids.
- Pro Pellets™ also contain a proprietary blend of high-protein grains and legumes (approximately 22% protein).

Packaging

Available in the following sizes:

- 20 kg, 1 tonne of 20 kg bags.

Application Rates

Boron	73 mg/kg
Calcium	2.5%
Cobalt	<0.5 mg/kg
Copper	7 mg/kg
Chloride	1.6%
Iron	111 mg/kg
Iodine	1100 mg/kg
Magnesium.....	0.61%
Manganese	56 mg/kg
Molybdenum	<0.6 mg/kg
Phosphorus	0.7%
Potassium.....	1.58%
Selenium	<0.5 mg/kg
Sodium	0.8%
Sulphur	0.7%
Zinc	41 mg/kg
Digestibility (DOMD)	72.8% (DM)
Metabolisable Energy.....	12.1% MJ/kg (DM)
Ash.....	13.7%
Fat	4.5%
Carbohydrates	40%
Crude Protein.....	21.8% (DM)
Solubility	Not Soluble

*Also includes natural chelating minerals,
amino acids and complex carbohydrates*

Application Rates

- Cows (Dairy/Beef):** 30 - 50 grams per day
- Calves:** 10 - 15 grams per day
- Pigs during pregnancy:** 20-40 grams per day
- Piglets:** 1 - 2% feed per day
- Sheep:** 10 - 20 grams per day
- Horses, Stallions, Mares:** 30 - 50 grams per day
- Ponies:** 25 - 30 grams per day.

Miscellaneous

- No withholding period.
- **Storage:** A cool, dry place away from direct sunlight.
- Particle Size: 5 - 20 mm pellet
